

## RSHA Uniform Fencing Declaration

The Uniform Fencing Declaration has been reaffirmed by the Board. The provisions are as follows:

The design, height, nature, materials and location of all walls and fences must be approved in writing by the Architectural Review Committee prior to construction.

No wall or fence shall consist of wood. All walls and fences must be of brick, iron, stone, steel or aluminum with the appearance of iron, or other material approved by the Architectural Review Committee.

If you have any questions regarding this or if you would like a copy of the declaration, please contact a board member or an Architectural Review Committee member.
